Introduction

This dictionary is the third compilation of the work done by the community at Thuum.org. It is the result of over a year's worth of work expanding the lexicon of the Dragon Language found in *The Elder Scrolls V: Skyrim*, referred to as "Dovahzul" by its speakers. This expanded dictionary contains over 4,000 Dovahzul words and translations for over 5,000 English words. Words are listed according to part of speech and canonicity.
